WABCO System Diagnostics

WABCO SYSTEM DIAGNOSTICS

WABCO System Diagnostics (SD) consists of a range of Windows based software solutions, plus all the hardware necessary to carry out diagnostic work on every relevant WABCO diagnostic system – such as Trailer Electronic Brake System (T-EBS), Vario Compact System (VCS) and Trailer Electronic Controlled Air Suspension System (T-ECAS).

WABCO SD software is available for every WABCO-produced component needing diagnosis, both as a single

download or as separate Bus, Truck and Trailer package. The programs are available in up to 20 different languages.

A wide range of diagnostic hardware completes the System Diagnostics package: easy-to-use blink code plug, digital testers, conformity test unit, adapters and cables, and a complete test bench.

- Diagnostic software for every relevant WABCO diagnostic system
- All hardware necessary for diagnosis on WABCO systems

- Periodic software updates and upgrades easy to access and download
- Up to 20 language versions of software available
- Subscription model with 4 different customer fitting packages or individual download

WABCO Expert Diagnostics

WABCO EXPERT DIAGNOSTICS

Designed to connect to a wide range of systems in commercial and light commercial vehicles, WABCO Expert Diagnostics (XD) is a comprehensive multi-purpose, multi-brand vehicle diagnostics system.

With three model options – from a portable Smart Handheld solution designed to work with existing diagnostics to a comprehensive, advanced stand-alone solution – WABCO XD can meet workshop's specific needs.

User friendly software includes both WABCO System Diagnostic and generic commercial vehicle workshop solutions, and regular updates are easy to access from the WABCO website, without expensive hardware changes.

- Multiple applications and vehicle brands covered by a single generic diagnostic tool
- Three package options – Compact, Advanced and Premium – to meet customer specific needs
- Regular updates easy to access and download

- Windows PC suitable for unlimited use in other workshop and office applications
- Outstanding after-sales service and support, including WABCO Helpdesk
- Optional extension for diagnostics on cars, motorcycles and OBDII (emission relevant data)

WABCO EXPERT DIAGNOSTICS PACKAGES

- **COMPACT PACKAGE:**
The Compact Package includes a handheld tester, the WABCO Smart Handheld. This solution is ideal for workshops that already use some diagnostics, or for those wanting the Smart Handheld solution only.

- **ADVANCED PACKAGE:**
The advanced Package includes diagnostic functions for workshops that do not yet use PCs or laptops. The sturdy laptop itself is “workshop-proofed” and comes complete with Windows operating system.
- **PREMIUM PACKAGE:** A complete, advanced diagnostics solution that includes a sturdy “workshop-proofed” laptop plus a trolley and a docking station.

When buying a WABCO product, please check that it contains the typical WABCO marks (particularly on the packaging, labels and identification plate) as evidence that it is an original WABCO part. In case you have any doubts, please contact WABCO or an authorized WABCO partner.

WABCO Vehicle Control Systems is one of the world’s leading providers of electronic braking, stability, suspension and transmission control systems for heavy duty commercial vehicles. WABCO products are also increasingly used in luxury cars and sport utility vehicles (SUVs). Customers include the world’s leading commercial truck, trailer, bus and passenger car manufacturers. Founded in the U.S. in 1869 as Westinghouse Air Brake Company, WABCO was acquired by American Standard in 1968 and spun off in 2007. Headquartered in Brussels, Belgium, the business today employs more than 7,700 people in 31 countries worldwide. In 2007, total sales were \$2.4 billion. WABCO is a publicly traded company and is listed on the New York Stock Exchange with the stock symbol WBC.
